(916) 489-4918 ♦ www.sacnaturecenter.net

All ages welcome!

What's UP on Weekends

Join us every Saturday and Sunday
for hikes and talks. Donations welcomed!

Space is limited – sign-ups are taken the day of the event.

We recommend you arrive 30 minutes prior to start time.

Saturdays – 10:30am	Sundays – 1:30pm
	November 1 – Turkey Vultures What bird is truly bald-headed? These relatives of the condor and stork are intelligent, family-oriented and play games together! Learn how these birds are important to our ecosystem and try on some condor wings for size.
November 7 – Creature Feature Meet some of the animal residents at the Nature Center up close. Learn about each of their unique journeys and how they became an educational ambassador for the Nature Center.	November 8 – Fall Colors Create colorful fall art by making leaf rubbings of the leaves found in the Nature Center's village area. Have fun while learning how leaf shape and size help in identifying trees.
November 14 – Nature Detectives Have you ever wondered what critters have used the trail before you? Many animals are out and about when we are not. Join us in exploring the trails and sharpen your nature detective skills by learning the tracks and other signs of local wildlife.	November 15 – Salmon Stroll Learn about the life cycle of this amazing long distance swimmer and take a stroll to the river to see them spawning. 
November 21 – Birding for Families Bring the family out for a birding and nature walk led by a Naturalist and special guest guides from the Sacramento Audubon Society. Birdwatchers of all levels welcomed. Make sure to bring your binoculars or borrow a pair from us.	November 22 – Village Tour Step back in time on a guided tour of the Nisenan Maidu replica village. Discover the traditional uses for structures such as the granary, tule house and grinding rock, and why it takes many steps to make acorns into food.
November 28 – Great Gobblers! Had enough turkey yet? Come learn about the wild turkeys in the Nature Area and take a walk in search of a rafter (of turkeys, of course).	November 29 – Black Tailed Deer: The bucks are in their glory, with beautiful antler crowns. Grab your binoculars or borrow some from us and catch a closer look at the black-tailed deer in their oak woodland home while learning more about their world.

Thanksgiving Week Adventure!

Our *Under the Oaks Kids Camps* give children the opportunity to experience, discover and explore the great outdoors! Each camp is focused on different nature-related themes with hands-on explorations, hikes, games, with crafts and stories.

November 23rd and 24th
10 am – 1 pm for ages 6 – 11

Camp 5, a camp just for 5-year olds! Tues, Nov 24th—10am to 1pm

For more information call 916-489-4918 or visit SacNatureCenter.net
